

Regulatory Commission of Alaska

Electric Reliability Organization Certificate

No. 9001

Having found that the grantee of this certificate is able to comply with AS 42.05.762 and that issuance of a certificate is required by statute, the Regulatory Commission of Alaska, pursuant to the authority vested in it by AS 42.05.760(b), hereby issues this Certificate to the

Railbelt Reliability Council

authorizing it to perform the duties and exercise the authority of an electric reliability organization, as defined by AS 42.05.790, for the interconnected Alaska Railbelt bulk-electric system.

This Certificate is issued under, and subject to, the provisions of AS 42.05.760 – AS 42.05.790 and all rules, regulations, and orders from time to time promulgated by the Commission governing the charges, services, and practices of an electric reliability organization.

Pursuant to 3 AAC 46.050(b), this Certificate expires on September 23, 2028. The electric reliability organization shall notify the Commission not later than September 23, 2026, if it declines to seek certificate renewal.

Order No.

Date of Approval

E-22-001(12)

September 23, 2022

(Chronology and service area description shown on the attached Appendix)

*IN WITNESS THEREOF, the undersigned members of the Commission
have executed this Certificate of Public Convenience and Necessity at
Anchorage, Alaska on this 28th day of September 2022.*

APPENDIX

Electric Reliability Organization Certificate No. 9001
Granted to

RAILBELT RELIABILITY COUNCIL

DESCRIPTION OF SYSTEM SERVED:

The Alaska Railbelt Interconnected Bulk-Electric System, which consists of the interconnected electric energy transmission network owned or operated by:

Golden Valley Electric Association, Inc.

Matanuska Electric Association, Inc.

Chugach Electric Association, Inc.

The City of Seward

Homer Electric Association, Inc.

Doyon Utilities, LLC

As well as the transmission and generation resources owned by other entities that are interconnected with that network.
