**1.0 PURPOSE AND SCOPE**

This RRC Rule Amendments Rule provides processes for amending RRC Rules.

**2.0 DEFINITIONS**

Term	Definition
Board	RRC Board of Directors
CEO	RRC chief executive officer
RCA	Regulatory Commission of Alaska
RRC	Railbelt Reliability Council

**3.0 RESPONSIBILITIES OF KEY PERSONNEL**

Title	Responsibilities
CEO	The chief executive officer of the RRC is responsible for carrying out this rule.

**4.0 RULE AMENDMENTS**

This process applies to the amendment of rules developed pursuant to Alaska Statute (AS) 42.05.762(3) that have been filed with the Regulatory Commission of Alaska (RCA) as required by AS 42.05.767 and 3 Alaska Administrative Code (AAC) 46.470, and to rules or rule revisions required by RCA order pursuant to AS 42.05.767 and 3 AAC 46.470(g).

**5.0 BOARD-INITIATED REVISIONS**

The Board may, on its own, determine a rule revision is required.

1. The Board authorization for a rule revision will include direction to the CEO to initiate the revision as a development in accordance with the Product Development Rule (ER1).
2. Upon Board direction to file an approved rule revision with the RCA, the Board-designated authorized filer will submit the rule revision in accordance with AS 42.05.767, 3 AAC 46.470, and the Product Development Rule (ER1).

**6.0 REVISIONS REQUIRED BY RCA ORDER**

1. Upon receipt by the RRC of an RCA order issued pursuant to 3 AAC 46.470(g), the CEO shall immediately notify the Board.
2. The CEO shall prepare the compliance filing required by the order as expediently as possible.
3. The compliance filing shall be submitted to the Board for consideration. Board approval of the compliance filing is required prior to submitting the compliance filing with the RCA.
4. Considering the public process of the RCA before issuing a rule order to the RRC in 3 AAC 46.470(g) and the compliance filing timeline in 3 AAC 46.470(g)(2), the RRC Product Development Rule (ER1) will not apply to rules and rule revisions required by RCA order.
